"My sons (3 and 5) and I love our Thursday afternoon clay class, after our jaunt in Friendly Park. It is my favorite time of the week. It's blissful to watch them get messy while they explore the clay and create with their hands at the same time that I get to tap into my own creativity, which doesn't get much attention these days. We sit and work the clay and talk. It is relaxing. Leonie provides just the right amount of help when my boys want it, but otherwise allows the children to use their own imagination with the clay. Her energy for handbuilding and her love of kids really make the class special...Our lives are truly enriched. Thank you Daniels family!"

6) What else do we offer?

~ **Pottery Parties**

Studio space and hand-building instruction for your social get-togethers.

"The bookclub had a great time and enjoyed your

company...thank you for being a gracious hostess. It was really relaxing working with the clay.

~ Tanya Haeri-McCarroll
