Newsletter

July 2010

What did Daniels Family Pottery do last month?

1) May 3rd: **Pottery Party** with the Fahr-Zarlons family of four. They decided to try out the studio as a family, and then afterwards promptly signed up for our six-week session.

During "Pottery Parties" we provide studio space and hand-building instruction for your social get-togethers. Create a monthly social event at our studio with friends who you don't see often enough. Make it a family event. Have everyone bring their children. Or have everyone bring just their partner. Or make it a girls-night-out, or time-with-just-the-guys, with wine. You create the guest-list, and we'll create the atmosphere. It's far more gratifying to make something out of clay with your own hands, than to simply paint on machine-molded pottery. And it's no more intimidating. You'll discover that anyone can be an artist, no matter your age, experience, or innate talent. Create something that only you can make. Make it a regular monthly event, or just try it once...

2) May 22: **Birthday Pottery Party** with the Taylor family: ten kids and a dad.

3) June 7: **Field Trip** with Wendy's World Child Care

We offer Field trip opportunities for schools, daycares, and other educational institutions. Bring a group of up to 15 students to visit our studio. We'll provide clay and instruction, and they will make something to keep forever.

4) June 10: **Pottery Party** with Lisa, a couple friends, and a Sweet Life cake!

5) June 14-18: **Clay & Canvas Art Camp** with four kids plus our own seven-year-old. See www.danielsfamilypottery.com for in-depth details and lots of photos.

6) June 16: **Pottery Party** with Kimlyn, her son, and her sister and niece from out of town.

7) We got to do all this and only had to postpone two days of our regular six-week **handbuilding clay class**. Our next session starts Thursday, July 15, 3:00-4:30. Details at www.danielsfamilypottery.com
Let me know if you would like to sign up.

8) **What else** do we offer?
~ High-quality high-fired functional tableware
